

Galt Horticultural Society Bus Tour 2017

Rural Gardens of Grey Bruce Counties

Join us on Saturday August 12, 2017 for:
[A tour of 3 gardens on the Grey Bruce Counties Garden Tour](#)

Yesterday's Garden

Passion for something different is reflected in exciting 4 season gardens which incorporate the newest, most unusual and hard to find trees, conifers & perennials. Join a guided tour through gardens with hard-to-find, unusual plants amidst many old time favourites. Wander the paths and discover something special around each corner. Shop at the garden centre for rare treasures.

Folmer Botanical Gardens

Visit over 30 acres of gardens among limestone outcroppings, wetlands, meadows and ponds. Alpines, dwarf conifers and xeriscape plants in natural rock outcroppings create a large rock garden. A trail through the forested wetland and along the pond includes ferns, hostas, rhododendrons and native plantings to form naturalized shade gardens. See extensive themed perennial borders including a white garden, 'hot' garden, alpine garden, butterfly garden, wildflower meadow and mixed perennial and ornamental grass borders.

Included with the bus tour is a catered picnic lunch in the garden and guided tours of the gardens. There is also a 20% discount on purchases in the garden centre.

Wildthings Plant Farm

Visit a plant nursery in the woods. Roughly 30 acres of rolling hills here is forested, primarily hardwood: black cherry, sugar maple and ash. The forest and bordering meadow, is a birdwatcher's paradise. Visitors enjoy a network of walking trails, which follow age-old deer paths. Display gardens give all of us, customers and staff alike, a quick and easy assessment of a plant's actual garden performance. The Hosta collection – over 350 varieties on display – is a particular point of pride. They add carefully, and delete constantly: we don't want the most; we want the best. Guided tours included with the visit.

Tickets are \$70.00 –for members and \$75.00 for non-members
